## TE KĀPEHU WHETŪ

### LAST FULL WEEK, E TE WHANAU

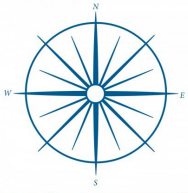

We have a full week this week and for the last few days of the last week. A reminder that:

- Market Day down at Paenuku this Thursday 12<sup>th</sup>, 10am, all welcomed - XMAS gifts
- Paenuku prize giving this Friday 13<sup>th</sup>
- Paetata & Paetawhiti prize giving next Monday 16<sup>th</sup>
- Paenuku off to Rainbows end next Tuesday 17<sup>th</sup> and their last day of 2024
- Last day of Kura for Paetata and Paetawhiti next Wed 18<sup>th</sup>
- **First day back Monday 10<sup>th</sup> February**

Last week I escorted our graduate Year 13 (girls) over to the Gold Coast for a glimpse at what life outside Whangarei can look like. Since the inception of our Kura back in 2014, we have taken our graduates over to do work at the theme parks in the GC. After Covid, all work dried up and this year the parks were still getting back into the groove and didn't have any work available. Our kōhine asked if they could still go for the experience and to celebrate their commitment to 13 years of schooling and achievement. We agreed. Hopefully, next year the Parks will be in full swing and jobs are back on!

### Te whetu o te wiki

KĀTARAINA CHAPMAN

Ko Kataraina te whetu o te wiki!  
Nā tō kaha me tō ngākau, kua riro  
i a koe te tūranga pai. Tēnā koe.

## PAETATA/PAETAWHITI

Kia ora koutou e te whānau, nau mai anō ki te karere nei o te wiki.

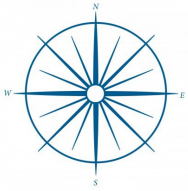

The wheels are still turning in both whare and as we inch closer to the end of a busy term and year, there is still mahi to be done. This week, Paetawhiti did an Auckland University visit, that provided a platform of what education can look like, after school.

### Auckland University

The Haerenga to UOA was all about normalizing University Entrance, celebrating high achievement, and making university a standard goal for our ākonga.

Lecturers and ambassadors commended our ākonga for their enthusiastic participation, energy, and, most importantly, their respect for tikanga at the marae.

## Paetata in Science

Over the last couple of weeks Paetata has had the chance to explore our Science lab and create simple yet fun (and messy!) projects including slime, obleeck, hokey pokey, sherbet. As they progress through Paetawhiti and Paerangi they will learn more details around the chemistry of these experiments, at the moment it is about curiosity, trial and error, discovery and forming their own conclusions based on observations.

## Acknowledgements

Big thanks to Matua Mohi and Matua Nev for being positive role models for our ākonga in our whare. For always stepping up when the extra support is needed and for being there to support Whaea Kay as Matua Wiremu has been teaching supporting down at Paenuku. E mihi ana.

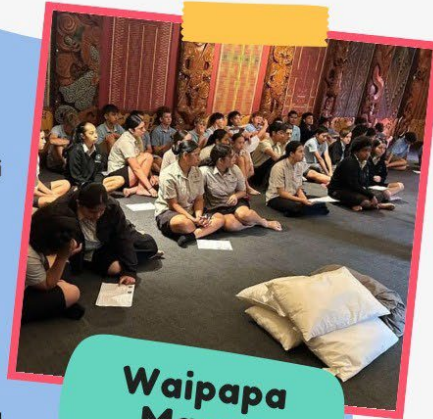

## Noho Marae ki Tāmaki

A special shoutout to Saieti for their outstanding leadership, supported by Gazelem, who was always ready with mihi and waiata tautoko. Ngā mihi to Khaznae and Aqueila for leading the waiata, with strong support from Morgan, Tina, and Reanna, our amazing Year 10 ākonga.

Whaea Serena and Whaea Petina are incredibly proud of our ākonga for representing TKW so beautifully. We are grateful for this opportunity to inspire and uplift.
