## LEADERSHIP ACADEMY OF A COMPANY

This week the Leadership Academy of A Company had the privilege of, firstly, supporting SSGT Tyrecce Tuhiwai-Wharepapa as he represented Te Kāpehu Whetū at the Ngā Manu Kōrero Regionals Competition held in Kaitaia under the Pei Te Hurinui Jones section (Senior Māori).

E Tyrecce, tēnei tō tira e whakaiti nei.  
Nau ano i kawe i te mana o te Kura  
Motuhake o te Kamupene A, anō nei te  
mana o Te Kāpehu Whetū whānui ki  
runga o Muriwhenua.

Secondly, the Academy had the honour and privilege of setting foot on the whenua of Aurere. There they got to experience and learn the narrative and teachings behind Te Kāpehu Whetū. This kaupapa was facilitated by John Panoho, Opo Harrison and Kawiti Wiremu.

And thirdly, we would like to congratulate CDT Tiakina Hura for badging into the Leadership Academy of A Company as our 202 Cadet. Also acknowledgements to Manawa Armstrong for promotion from SGT to SSGT. Haramai e ta mara mā.

This haerenga was a great experience for the Academy. They truly immersed and indulged themselves in the many speeches presented by the rangatahi of Te Tai Tokerau, as well as being very involved in the activities set by the facilitators at the Kupe Waka Centre.

TE KĀPEHU WHETŪ WEEK 6 PĀNUI

### PANUI MO TE WIKI TUAONO

This week, Paetata continues to build momentum across all areas of learning. Our hikoi up Parihaka was a powerful moment of connection, allowing students to engage with the stories, whenua, and people that form a vital part of our local history. This experience ties directly into our ongoing kaupapa Pakanga o Aotearoa, helping students to deepen their understanding of whakapapa, identity, and the significance of historical events in Aotearoa.

As we move into the second half of the term, these learning experiences are continuing to strengthen our students' connection to their culture, their learning, and one another.

Ka mau te wehi, Paetata!

### Hikoi Parihaka:

Our recent hikoi up Parihaka was the second-to-last for the term, and Paetata continues to show great progress in both stamina and determination. Each hikoi has provided students with the opportunity to push themselves further, and it's been awesome to see their endurance improving. Many of our ākonga have been timing themselves during the climbs, with some making impressive gains, shaving minutes off their previous efforts. Our final hikoi in Week 8 will be a longer journey, covering just under 10km.

### AIMS Games TERM 3 2025 – Rippa Rugby Selection

This year, Paetata will be taking just one sports code to the 2025 AIMS Games in Tauranga – Rippa Rugby. We will be taking a team of 12 students, and selections have been taking place throughout the term. A range of factors have been considered during the selection process, including each student's daily effort in their schoolwork, their commitment to being a responsible and positive team player both in and out of the classroom, and their performance across a series of games used to assess skill development and progress. Final selections will reflect not only athletic ability but also expectations we hold as a whare. Whānau will be notified this week if their child was successful in making the team.

## KIA MĀTAU - KIA MĀORI - KIA TŪ RANGATIRA AI

### PANGARAU:

Paetata had the opportunity to work alongside Matua Huw, a passionate and engaging math enthusiast who visited our whare to share his knowledge. He introduced a range of fun and practical strategies for working with numbers, with a particular focus on multiplication. Matua Huw demonstrated how there are many different ways to solve the same problem, encouraging students to think flexibly and choose strategies that make sense to them.

### GROWTH MINDSET:

Paetata has been actively engaging with growth mindset concepts this term, learning about the power of perseverance, effort, and embracing challenges. Through a number of classroom activities, discussions, and reflections, students have been encouraged to move their thinking from "I can't do this" to "I can't do this yet." They are developing the understanding of how to push through difficult tasks and thinking and having the confidence to take risks in their learning. Whakataukī such as "Waiho i te toipoto, kaua i te toiroa" have supported their understanding of the importance of collaboration and how to get along with their peers. Everyday is a new day to get things right again.

### WEEK 7 REMINDERS!

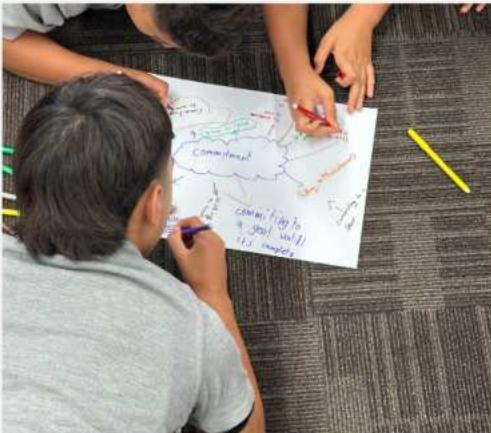

#### Matariki WEEK 8

**Tuesday 17 June:** Art Exhibition held in Maumahara 5.30–7.00pm

**Wednesday 18 June:** Wearable Arts Fashion Show held in Paetawhiti Whare 5.30–7.00pm

**Thursday 19 June:** Matariki Dawn Ceremony/Paenuku 10<sup>th</sup> year Anniversary held at Paenuku 6.00am – 12.00pm

This will include, dawn fire ceremony, classroom displays, hangi breakfast, kōrero and cake ceremony, whānau sports rotation.

## PAETAWHITI

# TERM 2 WEEK 6 PAETAWHITI

**Kia Mātau – Kia Māori - Kia Tu Rangatira ai**

This week, Paetawhiti completed their Taiao research, confidently presenting their learning to their peers in class. It was a great opportunity for students to share their knowledge, reflect on their understanding, and celebrate their progress and achievements together in the spirit of Tuakana - Teina.

### Minamina and Jayme-Rose - How did Māori navigate across the Pacific?

When our tupuna sailed the oceans they used to have to navigate using their surroundings. For example they used the sun, moon, and stars as compasses, while also observing ocean swells, patterns in the winds and the behaviour of the birds all to head in the right direction. Usually, the modern day waka hourua are made with fiberglass and the more traditional waka which are made with kauri or totara. Having a waka with less volume makes it much faster, lighter, and easier to sail over shallow waters, reefs and estuaries. It will even make going over waves a breeze. But be careful, when boarding luggage on to the waka you have to make sure it is all balanced or this will cause the waka stress.

### Melita and Luyca - How did Māori navigate across the pacific?

Maori people navigated the pacific with their waka and waka hourua. Our tupuna invented the waka and used it to sail over to Aotearoa, but we also use the waka to transport food, whanau and other essentials. Our ancestors would use the sun, moon and the star paths that lie in the sky to get where they need to go. They also used the water and the currents that run through the moana while also using the wind to predict which direction they would go, along with the weather and how it looked. Navigators rely on what they see, hear and feel to know where they are heading to.

### Khaznae - How will this knowledge help me in navigating or understanding the moana?

I believe there's three main keys for me. Which are opportunities, Identity, and respect. Knowing the knowledge of navigating is a open door for opportunities like sailing to tonga, who knows? It really helps knowing what our tupuna invented and understanding the many purposes of our waka. Respect, respecting the tikanga of understanding our moana is important, if we understand the moana, the moana is able to understand us to our fullest potential.

### Orangi - How might this matauranga help in navigating or understanding the Moana?

Matauranga Maori is the knowledge that Māori people have passed down for many years. It helps people understand and travel across the moana. Māori used the stars, waves, birds, and clouds to find their way across the moana. They also knew when it was a good time to fish or travel by looking at the moon and tides. This knowledge helped them care for the ocean and only take what they needed. Māori people also believe the ocean is very special and should be treated with respect. Today, this knowledge is still used and mixed with science to help look after the ocean and teach young people how to care for it.

## PAERANGI

Firstly a massive mihi to Tyrecce Tuhiwai-Wharepapa for his stand at Nga Manu Korero in the Pei Te Hurinui Jones section (Senior Māori) section. Tyrecce had to write and prepare a 12 minute speech as well as compete in an impromptu section where he was given a topic and had 2 minutes to prepare, then korero for 3 minutes on that topic.

Tyrecce has represented Te Kāpehu Whetū at Nga Manu Korero for the last 3 years and we are so proud of his effort and commitment to representing TKW on the regional stage.

Paerangi ākonga are in the middle of their preparation for their art and wearable art projects for Matariki. The Year 11 kōhine have been able to spend valuable time with Whaea Hera to help conceptualise their ideas and they are well under way for Week 8 celebrations.

As the end of the term approaches it serves as a reminder for Paerangi to check in with their academic assessments.

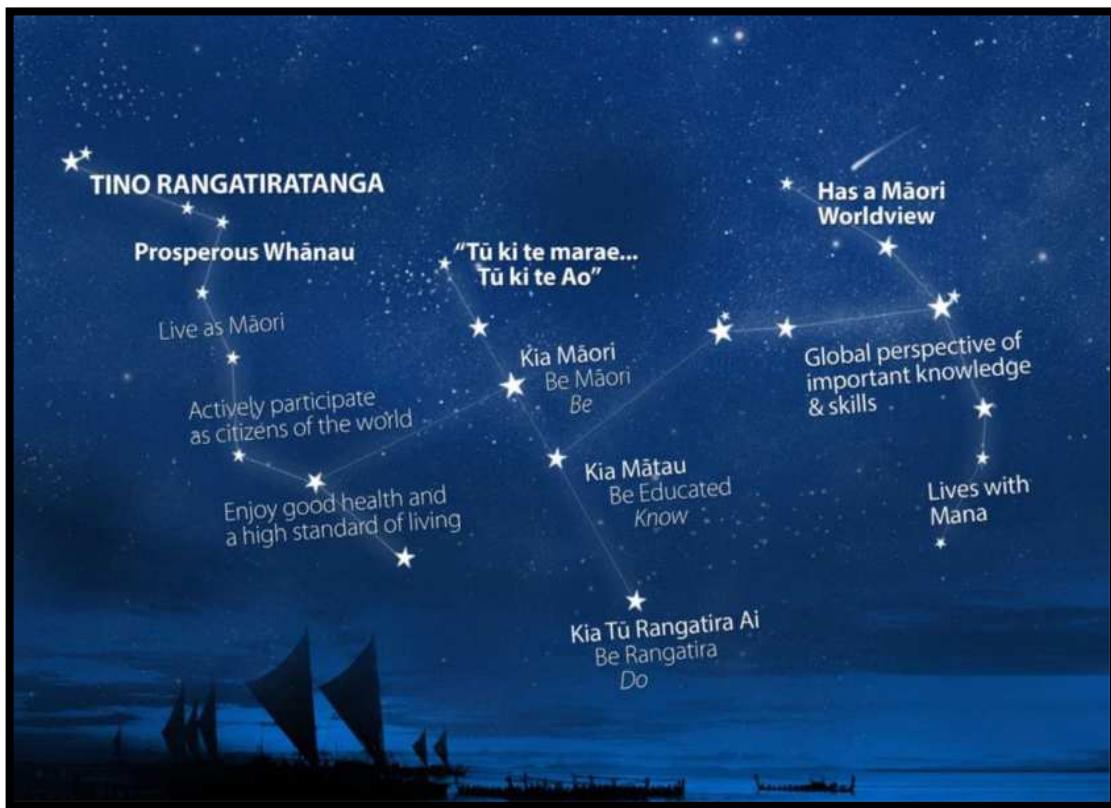

Assessments will be due at the end of the term, and must be handed in by the due date or the mahi will not be marked. Kia Kaha!

## KAUPAPA

We believe passionately in our culture, our people, our ākonga, and we know that through hard work, commitment, and focused support they will achieve within the Kura and beyond. We do this hereby acknowledging the 28 Māori Battalion and the price paid for citizenship, so that 'we' can "Navigate Māori Futures".

To do this we commit to success in all its forms:

**Kia Māori - Be Māori – Be**

An education that validates Māori knowledge and ways of learning.

**Kia Mātau – Be Knowledgeable – Know**

Encouraging innovation, inquiry, the development of specialised knowledge and skills.

**Kia Tū Rangatira Ai – Be Rangatira – Do**

Development of strong character and personal excellence, living with mana.
