PĀNUI MO TE WIKI TUAONOI TE WAHANGA TUAWHĀ

Kia ora e te whānau whānau o te whare o Paetata.

This week our akonga took part in Mahi Toi at Hundertwasser, where they explored different types of line art, colour combinations, and pattern sequences. They also created their own print templates and designs, which were then shared collaboratively onto a shared cloth artwork.

We also had Mahi Whakaari with Whaea Stormy, where students learned about various aspects and techniques of haka theatre, including improvisation and performance skills.

In addition, data was collected this week to support our end-of-year assessment process. These results will help inform your child's final report for the year.

REMINDERS:

Coming up this week

Year 9 Transitions: if your child is currently year 8, they will take part in week 7 transitions into Paetawhiti year 9/10 with Whaea Serena and Whaea Petina. They will have the opportunity to get a glimpse into what is expected of them for next year.

HŌKŪLE'A RETURNS TO AOTEAROA

Forty years after its first visit sparked the revival of Māori ocean voyaging, the Hawaiian waka Hōkūle'a returned to Waitangi this Friday as part of its epic four-year voyage around the Pacific.

Whaea Serena and Matua Wiremu took students from Paetata and Paetawhiti up to Waitangi to tautoko the return of Hōkūle'a, in support of Whaea Joelene and the incredible waka kaupapa she has been leading this year across our tuakana whare.

This was a momentous occasion for both the Hawaiian and Aotearoa waka communities, marking a powerful continuation of traditional navigation and cultural revitalisation.

Creating Career Pathway Opportunities for our ākonga - Navigating Our Future!

Student Voice Reflection
Kwade Cooper-Brown Year 9

The Career Expo was an exciting opportunity for me to see where my future could go and to understand the criteria I need to meet to succeed in the job I want. One of my highlights was hearing Caleb Akins share his journey—from being a student at Te Kāpehu Whetū to becoming successful in the NRL. His story inspired me and showed me what hard work and dedication can achieve.

During the expo, I learned an important message about winning: to win on the field, you have to win off the field first. If you can't cope with challenges in your everyday life, it becomes harder to perform in your sport or job. That message stood out to me and made me think about my own habits and goals. Overall, the expo was a really good experience. I learned more about the career pathways I'm interested in, including the Defence Force, police, fire service, navy, army, sports, recreation, and fitness.

The skills I want to develop next year are building my strength and speed. My goal for 2026 is to be the fittest I've ever been and ready to take the next step toward my future pathway.
