WHANAU ENGAGEMENT

PURPOSE:
To encourage effective engagement between the Kura and whānau, iwi and the community to improve learning outcomes for students and develop shared visions and goals.

As required by National Administrative Guidelines (1) the Kura will consult the Māori community, develop and make known to the community policies, plans and targets for improving the achievement of Māori students.

SCOPE:
This policy applies to all staff, students, whanau, iwi and the community.

GUIDELINES:
In order for a successful partnership with whānau, iwi and the community, involvement must be visible in Kura operations. The Kura is committed to supporting these needs and using a range of communication strategies to involve parties. These include panui, hui whakapiki (parent interviews), whānau /iwi/community hui, common informal methods such as “kanohi ki te kanohi” (face to face) conversations with staff through an open door policy and the use of social media and student management systems.

KAUPAPA MAORI
As an organisation committed to Te Ao Māori the Kura will conduct hui according to tikanga. This enhances and strengthens relationships through whanaungatanga and whakapapa.

All collaboration with iwi and community groups, business and tertiary institutions will be conducted using the process of manaakitanga and kaitiakitanga in order to uphold the mana of all parties.

WHANAU
The Kura will ensure the aspirations of whānau and students are central and will consult with them on relevant matters in a timely and appropriately. It is imperative that whānau identify with the Kura and share ideas & strategies for continuous improvement.

STAFF
Staff must be approachable; the Kura encourages honest three way communication (staff, student and whānau) about student progress and direction. Whānau will be provided with meaningful information and support directly from staff or indirectly through correspondence from the administrator or student management system portal.

KURA ACTIVITIES
Whānau engagement is crucial and central to the Kura vision. Whānau will be encouraged to participate and support learning, cultural and sporting events wherever possible i.e. excursions, camps, end of term evenings, fundraising etc.

OPEN DOOR POLICY AND WHANAU AREA
The Kura will maintain an open door policy at all times for whānau who wish to discuss any ideas or concerns regarding students. The Kura will designate a drop in space for whanau. A whānau inclusive culture will be nurtured.
HUI
Hui whakapiki will be held at least twice a year involving the student, whanau and staff. This is a comprehensive half hour shared learning opportunity to discuss individual student achievement, set learning goals, review personalised learning plans, check student progress, discuss subject options and career pathways.

An emphasis is placed on whānau involvement with student goal setting and the completion of personalised learning plans. Creating a conducive learning environment is a means for successful engagement with whānau and encourages whānau confidence in the Kura through decision making partnerships.

Larger whānau/iwi/community hui will be held in Terms 1 and 4, this is an opportunity to share student achievement, cultural events, performances, presentations and gauge with the wider community the strategic direction of the Kura and gain feedback. It also involves whānau, iwi and community in acknowledging success which is a motive for students and staff.

STUDENT MANAGEMENT SYSTEM
The Kura will use KAMAR as the primary information distribution portal, key aspects will be:

- Accessibility of required information for whānau
- Understanding information in relation to student progress and achievement

The Kura will provide support for whānau regarding the information available on the student management system so they may query and exchange information with staff and student. Whānau must be kept well informed about student well-being, learning and achievement with accurate and reliable information.

BARRIERS
The Kura recognises the following factors may be barriers for whānau engagement and will endeavour to provide support to overcome these challenges:

- Limited attendance by whānau at hui
- Use of language which may be difficult for whanau to understand
- Inconsistent communication methods
- Limited resources, and differing values and beliefs
- Information overload
- Limited time and peer support
- Work commitments
- Family commitments - younger siblings

IWI
The Kura will primarily consult with Ngāpuhi and other iwi/hapu as necessary.

EVALUATIVE PROMPTS, INDICATORS AND EVIDENCE:

<table>
